Ground Breaking June 17 at Millwood Dam Site

Ceremony Set Sunday p. m., Public Invited

Planning is well along on the groundbreaking ceremonies to be held in connection with construction of the Millwood Dam and reservoir and Vincent Foster of Hope, Realtor and general chairman of planning, predicted a large turnout based on the fact that thousands of residents in Southwest Arkansas have long awaited this groundbreaking event.

At a meeting in the Texarkana Chamber of Commerce on May 8, the event was set up for 3 p. m. Sunday, June 17, at a site tentatively selected as the right abutment of the dam, which is about eight miles east of Ashdown.

Special invitations are being issued to U.S. Senators and Representatives, as well as the Governor of Arkansas and leading civic leaders, mayors and water district and valley associations officers, according to Foster.

Plans are for an outdoor ceremony with an alternate indoor site selected in case of rain. The last item on the agenda is for ground to be broken with "gold" shovels, followed by a special number from the massed band.

The Millwood dam and reservoir, which is almost 52% complete, is under construction under supervision of the U. S. Army Corps of Engineer District, Tulsa, Okla. The project was authorized by the Flood Control Act of July 24, 1956. It is one unit in a system of reservoirs for control of floods on Red River.

The project is designed to provide water supply and other beneficial uses in addition to flood control. On site construction on the \$55.7 million project was commenced in August of 1961 and the project as a whole is scheduled for completion in the spring of 1966.

The dam will have a maximum height of 83 feet above stream bed and the earth fill embankment and concrete spillway will be 17,490 feet in length.

The reservoir will have a total

Corps of Engineers photo of the right abutment access road to the Millwood dam shows where groundbreaking ceremonies will be held on Sunday afternoon 17 June, at 3:00 p. m. When this photo was taken, the only contracts in force were for the access road and the project office buildings. However, on 15 May the U. S. Army Engineer District in Tulsa awarded a contract in amount of \$2,058,790 to D. J. McQuestion and Sons, Dearborn, Michigan, for construction of first stage embankment and spillway excavation. The public is invited to attend the groundbreaking ceremony.

Storms Skip Across Parts of Arkansas

By THE ASSOCIATED PRESS

Portions of Arkansas received a respite Thursday from the tediously hot weather, with thunderstorms skipping across the central and northeast portions of the state.

But, a thunderstorm north of Jonesboro claimed the life of James Holbrooks, 36, a Jonesboro barber, who was struck by lightning.

Coroner W. C. Craig said Holbrooks was standing in the doorway of a barn on his farm about 10 miles northeast of Jonesboro when he was struck by a bolt of lightning.

Holbrooks' five-year-old son, Jimmy, and Richard White, 13, who lives on the farm, were standing nearby but escaped injury.

White said he pulled the youngster back into the barn when the father was struck. There was no fire.

High winds felled several trees and billboards, and at least one small barn, in northeast Arkansas Thursday.

Winds, clocked up to 70 miles an hour, accompanied a hard thunderstorm in the Lonoke-Carlisle area east of Little Rock late Thursday afternoon, but damages were confined to a few uprooted trees and windows.

State Police reported no injuries from the storm which moved westward toward Little Rock and dissipated.

The Little Rock area received some showers after skies darkened quickly, but no high winds were reported.

Damage Small in Accident Here

An auto driven by Jimmy Portfield crashed into a parked car owned by Orval Brannan last night in the Tol-E-Tex driveway. Officers Ward and McCully said both cars had fender and bumper damage.

Famous Home at Stephens Open Sunday

The famous home and gardens of Mr. and Mrs. Walter Keith, Stephens, Ark. are being shown to the public for the first time Sunday, May 20.

The home is decorated in French motif collections of 18th Century French and English furniture, elegant chandeliers, rare porcelains, Kirman rugs, on paintings etc. The gardens are accented with French urns, wrought iron lamps and recently acres of camellias have been added.

The home is being opened to the public for the first time to raise funds for the Ouachita Historical Association to purchase and preserve the historic Chastel home in Camden, a landmark built in 1847.

It will be open from 3 to 6 p. m. Sunday. Admission is \$1 for adults and 50 cents for students.

U. S. Pays, Will Make Decisions in Europe

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Kennedy says that so long as the United States bears the heaviest burden of Western defense it "will continue to participate in the great decisions affecting war and peace" in Europe.

"The President tackled the problem of allied disagreements in an address Thursday night to the Conference on Trade Policy, a bipartisan group of business, labor, farm and consumer organizations interested in foreign trade.

It was folly to think that the United States may some day abandon its commitment to European security, Kennedy said.

"The United States cannot withdraw from Europe, unless and until Europe should wish us gone. We cannot distinguish its defenses from our own. We cannot diminish our contributions to Western security or abdicate the responsibilities of power."

His speech and remarks earlier in the day at a news conference were considered a reply to French President Charles de Gaulle, who spoke out earlier this week against Western Europe's heavy reliance on U.S. military power.

Kennedy told the trade group: "Our commitment, let it be remembered, is to a common united defense, in which every member of the Western community plays a full and responsible role, to the limit of his capability and in reliance on the strength of others—and it is that commitment which will be fulfilled."

The President went on to loud applause:

"As long as the United States is staking its own national security on the defense of Europe, contributing today 425,000 men at an annual cost of \$1. billion and calling up 10,000 men in a far greater effort than that of any other nation in response to last summer's crisis, we will continue to participate in the great decisions affecting war and peace in that area. A coherent policy cannot call for both our military presence and our diplomatic absence."

Earlier in the day, at his news conference, Kennedy said that when Europe was able to defend itself the United States would be relieved of its military burden there, but "that day has not come."

At the same time Kennedy expressed fear that De Gaulle may be creating a dangerous situation in the world and threatening the unity of the North Atlantic Treaty Organization by developing a national nuclear force for France.

Greers Ferry Bids

LITTLE ROCK (AP) — Bill Murphy of Dallas submitted an apparent low bid of \$237,782 Thursday for construction of roads, parking lots and boat launching ramps in four public recreation areas on Greers Ferry Reservoir.

FHA Issues Its Largest Loan

LITTLE ROCK (AP)—The Federal Housing Administration issued its largest single loan insurance in Arkansas Thursday — nearly \$3 million for construction of a 14-story apartment building, Summit House, to be built by Herbert Storch of Little Rock, will contain 10 units and will cost \$2,991,600.

The apartment building will be built on one of the highest points in Little Rock, with penthouse having outdoor terraces.

Among features for apartment residents will be a heated swimming pool, unable year-round, and a pitch and putt golf course. Storch said construction will begin June 1 with completion scheduled in 18 months.

Heiress Gads About on \$80 Per Month

DETROIT (AP) — An heiress who manages to live in luxury, gadding about the continent, on a mere \$80 a month, is going to have to cut back on her diet.

She may go without her weekly steak and live on dog food.

The heiress is Norey, an 8-year-old dog of undetermined ancestry, who appeared before Probate Judge Ernest Boehm Thursday with her keeper.

"You've put on a few pounds since you were here last, young lady," observed Boehm.

The keeper, Elvin Wall, said Norey had indeed gained eight pounds, but Wall said he had filled out a bit himself.

Wall accounted for Norey's \$15,000 inheritance from Norey's late master, Charles C. Long. Wall and Long had been neighbors in Romulus Township, a suburb of Detroit. Long died in December 1957.

Wall, a retired engineer and bachelor, gets \$80 a month to care for Norey, and when she dies he is to get what's left of the estate.

Wall said Norey has been dining on steak, rare, once a week. He has taken her to Mexico, Canada, and 23 states. Las Vegas is next on Norey's agenda.

Boehm adjudged Wall's accounting of the bequest to be in order. When Wall mentioned Norey's foam-rubber sleeping pad, the judge spoke sternly to Norey.

"You've been leading a man's life. Now let's do something about that excess weight."

But Norey was unimpressed. A true debutante, she was alert and smiling while the flashbulbs were popping. But the legal talk bored her. She slept through the proceedings.

Fellowship Meet S. Side Assembly

There will be a sectional Fellowship meeting at the Southside Assembly, Friday at 7:30 p. m. There will be visiting ministers from various parts of the state and from Texas. Rev. Frank Ivy, District Supt. of the Pentecostal Church of God, will be the night speaker. The public is invited to attend by Joseph Geno, pastor.

Khrushchev Says Landing in Thai Unwise

By GEORGE SYVERTSEN

OBNOVA, Bulgaria (AP)—Soviet Premier Khrushchev today branded President Kennedy's order to land Marines in Thailand "an unwise decision" and predicted the Americans would ultimately be thrown out of Southeast Asia.

The Soviet leader denounced American policy in Laos and South Viet Nam and accused the United States of spilling blood there to prop up pro-Western regimes.

Khrushchev made the comments in an impromptu speech to about 3,000 collective farmers in this central Bulgarian town. But the speech gradually turned into an hour-long lecture on foreign and Communist-bloc affairs to a small group of Western correspondents reporting his six-day visit to Bulgaria.

Wagging his finger and speaking directly to a knot of nine newsmen standing in front of him, Khrushchev said he had read about Kennedy's decision in the morning newspapers.

"That is not a proof of great intelligence and it is an unwise decision," he said.

The Soviet leader said the American move was another proof of the truth of Marxist analyses of what he termed imperialist aggression.

"This is another case of the capitalists fearing the new," he said.

Speaking of another southeast Asian hotspot, he said: "Life in North Viet Nam is flourishing, while in the South blood is flowing."

"Who is shedding this blood? It is the United States."

"Turning to an American correspondent, he continued: 'You pretend that you sent only officers (to South Viet Nam), but it means that you are spilling blood. But don't worry they will be thrown out.'"

He said the French army had fought Communists in Indochina for seven years before they got out.

"The Americans may be there 15 years because they don't understand and won't get out. But they will be kicked out—it is just a question of time," he said.

To the Bulgarian collective farmers, most of whom did not appear to understand what he was talking about, Khrushchev said: "They are afraid for Thailand as they were afraid of the small Laotian people. They have crept in and landed their Marines. Well, let them try—the Thais will show them what they are made of."

"It would be best for the Americans to give up their role as the international policeman. But nothing will save the United States from its crash because the United States, too, has its working class and eventually communism will triumph there too."

"I have said this in the United

storage capacity of 1,850,000 acre feet of which 1,044,200 acre feet will be for flood control; 150,000 acre feet for water supply and 65,000 acre feet for sedimentation and conservation storage. Initially the normal pool will cover an area of 13,100 acres and have a shoreline of about 80 miles. After payment for the water supply storage has begun the normal pool will cover 20,200 acres and have a shoreline of 90 miles. Certain areas have been selected tentatively as good spots for public access and development of public use facilities. They are: Cypress Slough; Beard's Bluff; Peyton Landing, Trent Landing; and Saline Landing. These areas will be developed to meet varied local and regional recreational needs.

The proposed Federal Development is limited to providing the general public with non-revenue producing facilities for recreational activities. Such development may include picnic tables, fireplaces, camp sites, portable water supply, toilets, refuse cans, parking areas, boat launching ramps and roads.

A meeting of the planning committee is scheduled for next week according to Foster. The U. S. Army Corps of Engineers is assisting in an advisory capacity, through the Millwood Resident Engineer, Phillip Goodman of Ashdown.

States and it is nothing new but I will repeat it and I will say it until the end of my days." Earlier, Radio Sofia in Vienna had quoted Khrushchev as charging Kennedy with taking "an imprudent action."

TV Role No Plum for Some Actors

By CYNTHIA LOWRY

AP Television/Radio Writer

NEW YORK (AP) — A regular role in a television series how-ever attractive, is no plum for a performer who intends to spend his working life in the theater.

That is the conviction of a tall, red-haired actress named Jeanne Cooper, who as a freelance has performed in more than 200 different television roles and currently is a candidate for an "Emmy" award for her performance in an episode of ABC's "Ben Casey."

"That is particularly true for a woman," Miss Cooper continued earnestly. "Money can't compensate for experience when you are young."

"Some day you are going to reach 40, the lines will start to show—and after that it is ability that counts."

Miss Cooper's point about a television series being a performer's trap is this:

"You play one person over and over," she said.

"This is bad for the development of an actor—the only way to make native ability and talent grow is by stretching and exercising it."

Miss Cooper says she makes more money as a freelance performer than she would in a steady part. In addition, she can accept motion picture roles, almost impossible for series actors, and while in New York this week is looking into some Broadway projects for next season.

ABC has turned its Saturday evening 7:30-8:30 spot next fall over to Roy Rogers and Dale Evans for a Western-style variety hour. With the new Jackie Gleason show opposite on CBS, Jack Paar and Andy Williams coming onto NBC with variety shows and with Perry Como, Garry Moore, Mitch Miller, Dinah Shore and the Telephone Hour returning, it looks as if song, dance and comedy is scheduled to be next season's trend.

And now NBC will give us a half-hour Vic Damone program to replace "Hazel" for eight weeks in the late summer and early fall.

An estimated eight of every ten new one-family homes built in the U. S. during 1962 will be of the single-story style.

Here are some typical reviews about, "One, Two, Three":
VARIETY magazine: "One, Two, Three" is a 115 minute pause that refreshes; a fast paced, high pitched, hard-hitting, light hearted farce."
TIME magazine: "One, Two, Three" is a yell-mell, Sennett-with-a-sound-track satire of iron curtains and color lines, of people's democracy and Coca-Colonization."

Unpredictable Boy Worries Girl's Mother
By HELEN WORDEN ERSKINE

young girl to sacrifice the best years of her life waiting for a man in service? —A Concerned Parent

Dear Concerned: Your daughter is old enough to know her own mind. You cannot lead her life for her nor should you have interfered in the boy's life. It was a mistake to send him back to his family. Let these young lovers work out their own salvation. Opposition will only strengthen their resolve to marry. After all, you have time on your side.

A lot can happen in the next four years, to change the picture. Your role is to stand by, an over devoted mother, happy in your daughter's happiness but prepared, should her romance crack, to pick up the pieces and love her all the more.

Dear Helen: I used to love my mother—now that love is turning to hate. I can't do anything right in her eyes. She won't let me service. While in basic training she continued sending our daughter daily letters and telegrams. When he was on leave, his first stop was at our house. We insisted that he see his family. He returned a few hours later a changed boy, gathered up his luggage and walked out to join "the clan to whom I belong." A few weeks later he requested that our daughter return her engagement ring.

That was five months ago. He is now in Korea, bombarding her with special delivery, air mail letters, cables and long-distance phone calls.

We know she adores the ground he walks on but do you think a beautiful thing, to be treasured boy as unpredictable as this, should be given a second chance? He has a four-year enlistment to complete. Our daughter has promised to wait. Do you feel it advisable for a very attractive

Nashville PCA Junior Groups Meet

NASHVILLE — Proper financing can be the key to successful farming this 20th century — and the Nashville Production Credit Association which provides necessary dollars for many farmers in Southwest Arkansas has an expanding educational program a long farm finance lines for future farmers.

Through junior-sized PCA's who actually function as an organization, make loans and plans for the future.

Junior PCA's exist in Sevier, Nevada and Hempstead County within the 7 county area served by the Nashville PCA.

Last week the directors and officers of the three junior PCA's met with the board of directors of the Nashville PCA. Currently, the senior board is trying to pick a winner for its \$300 college scholarship which will be awarded next month.

Secretary-Manager Edward L. Sharp said that the junior PCA's have made from 15 to 25 loans each, averaging about \$500 per loan. The loans were made chiefly for the purchase of beef cattle. While PCA furnishes the financing other farm agencies are furnishing the know-how and guidance for the young farmers.

At the Nashville meeting were Nevada Junior PCA: President Mark Armstrong of Laneburg; Vice President Gary Kirk of Cale Secretary Charles Purdie of Prescott; Randy Plumley of Emmet; Teddy Purdie of Bodeaw and the County Agent, Adrian Brackman.

Sevier County Junior PCA: President Jimmy Dunn of De Queen; Vice President Virginia Hanson of Lockesburg, Directors Richard Kirby of Gilham, Fred Snead of Horatio and Agri Teacher George Davis of Horatio.

Charges PSC Took of Utilities

EL DORADO, Ark. (AP)—Kenneth Coffelt, a candidate for governor, told members of the South Arkansas Bar Association here Wednesday night the state Public Service Commission is controlled by the utilities it seeks to regulate.

Coffelt said he he is elected, he will reduce all public utility rates by 15 per cent.

He also said Gov. Orval E. Faubus privately controls the Board of Pardons and Paroles and that it should be eliminated. Coffelt said Faubus should take personal responsibility for paroles and pardons granted.

He charged that Faubus decided to seek a fifth term against his better judgment because the "Faubus crowd" didn't have a potentially successful candidate.

Crossett to Build Water Reservoir

CROSSETT, Ark. (AP) — The Crossett Company announced today plans to build a 1,700 acre fresh water reservoir at Stillions on the Saline River to supply the expanding water needs of Crossett Paper Mills and other branches of its manufacturing division.

Work on the first phase of the \$3.5 million project will get underway immediately, said J. C. Hair, manager of the Crossett paper mill, which will build and operate the installation.

The reservoir will hold four billion gallons of water to be pumped from the Saline River during normal and high water flow at the rate of 100 million gallons a day.

The reservoir-lake will be built for the purpose of supplying water, but it also will supply a fishing area.

Armed Force Day Observance

LITTLE ROCK (AP)—The Arkansas Air National Guard will send a formation of RB57 Canberra bombers winging over Arkansas Saturday in observance of Armed Forces Day.

The formation will pass over Russellville at 1 p.m., Fayetteville at 1:16, Batesville at 1:42, Jonesboro at 1:55, Manila at 2:04, Blytheville at 2:10, Helena at 2:31 and Little Rock at 2:45.

The Air Guard will display its RF101 and F102 fighter planes at Little Rock's Adam's Field Saturday and Sunday.

Carpenter Is Ready for Space Flight

By CHARLES STAFFORD
CAPE CANAVERAL, Fla. (AP)—Physical condition excellent and mental outlook bright, astronaut Malcolm Scott Carpenter swung into the final stage of preparations today for his high ride on the orbital trail.

Project Mercury officials said plans are progressing smoothly for a Saturday launch of the Navy lieutenant commander in his Aurora 7 spacecraft. But they are keeping a weather eye cocked the emergency landing area in the Atlantic Ocean east of Bermuda.

Seas were reported running 11 feet high Wednesday in the area where the spacecraft would land if it did not go into proper orbit and had to be brought down after separation from the Atlas booster.

Meanwhile, Dr. William Douglas said Carpenter, 37, and his backup pilot, Cmdr. Walter M. Schirra Jr., are in top physical condition.

The 5-foot-10 1/2, 155-pound Carpenter, who worked as a hod carrier shortly before returning to the Navy 12 years ago, has always excelled in physical activity.

A final dress rehearsal of the flight, which will follow Glenn's flight plan, was on schedule today with Carpenter in the Aurora 7 for as simulated flight from liftoff to recovery.

Carpenter has been an explorer all his life, says his father, Malcolm Scott Carpenter Sr. At his home in Palmer Lake, Colo., the elder Carpenter recalled his son's first flight into space — as a year-old baby. The future astronaut climbed from his crib, tumbled into space and hit head on a radiator. He has a small scar over his left eye to show for that outing.

The elder Carpenter plans to watch his son's flight on television and said he is not especially worried about it.

"Our American team values human life and they won't let the boys go up until every contingency imaginable is taken care of," he said.

In the final days before the launching, the astronaut and his backup pilot will switch to a low newspaper. Be sure to enclose stamped, self-addressed envelope. Helpful leaflets available. Write for "How To Get Along With An Adolescent."

The Altar Guild Club of BeBe Memorial OME Church will meet at the home of Mrs. Carney Hamilton Sunday, May 20 at 4 p.m. All members are asked to be present.

Rep. Oren Harris, D-Ark., and Otto E. Passman, D-La., accompanied the two two-state group to the House hearing. Heading the delegation is J. G. Guthrie, Monroe, president of the Ouachita River Valley Association.

Other spokesmen and members of the group included: D. R. H. Luck, H. W. McMillan and Rex Butler, Arkadelphia, Ark.; Eugene Smith, West Monroe, La.; Mayor W. L. Howard of Monroe, Hugh Meyers, Baton Rouge, H. K. Thatcher, Camden, executive vice president of the association; Dr. D. D. Clark, Arkadelphia, chairman of the De Gray Dam Committee Mayor Allen Norris of West Monroe W. E. Whitestone, Monroe and Eugene Scott, West Monroe.

The group supported budget recommendations for other Ouachita River basin projects which included: Tensas basin flood control work \$1,775,000; maintenance of 1/2-foot channel \$650,000; maintenance of Blakely Mountain Reservoir \$435,000; maintenance of Narrows Reservoir \$246,000.

Spokesmen for the delegation said the increases being sought would not add to the cost of the projects but would speed their construction and ultimately might reduce costs.

Harris told the subcommittee that additional money for the De Gray project would permit engineering planning to proceed in an orderly manner and speed up acquisition of necessary lands.

Engineers, he said, have reported they could utilize the additional money.

Dodgers Rally in 9th, Beat Colts 5-4

By MIKE RATHET
Associated Press Sports Writer

The fleet feet of rally-maker Maury Wills have pulled the Los Angeles Dodgers another step closer to the top in the National League pennant chase.

Held to two hits going into the ninth inning, the Dodgers rolled back against Houston Thursday night on a lone single by Wills, then whipped the Colts 5-4 in the 10th inning.

The victory pulled the Dodgers within three games of the league-leading San Francisco Giants, blanked 1-0 by third-place St. Louis on Bob Gibson's 12-hitter.

Wills, a 220-hitter, opened the ninth against Jim Golden with his ninth single and when the inning was over Golden was gone, the Colts 4-0 lead had disappeared and the Dodgers had sent it into extra innings. Wills then singled in the 10th and scored the clincher on Wally Moon's single.

Cincinnati fell back into fourth place with their six-game winning streak cut off by Philadelphia's 9-6 triumph and Milwaukee beat Pittsburgh 7-2 in the only other games scheduled.

In the American League, the New York Yankees moved into a tie for first place with Cleveland by edging Boston 2-1 and Baltimore defeated the Los Angeles Angels 6-4, but other clubs were not scheduled.

The Colts built their 4-0 lead with former Dodgers driving in all the runs. Norm Larker accounted for two, Bob Aspromonte's single knocked in one and Cal Warwick got the other with a homer.

Wills' single, one by Jim Gilliam and a double by Moon finished Golden and brought in Bob Tiefenauer (1-3), who was touched for a single by Tommy Davis. Davis scored the tying run on a single by Ron Fairly. Gilliam's single and an intentional walk after Wills got on set it up for Moon's game-winning, Ed Hochach (2-0) picked up the victory in relief.

The Cards used an unearned run to end San Francisco's 10-game home victory streak after Gibson (5-2) worked out of a bases-loaded jam in the eighth. Billy O'Dell (5-1) lost it.

Unbent Cal McLish, backed by a three-homer barrage, registered victory No. 4 in beating the Reds with ninth-inning assistance from relievers Jack Baldschun and Chris Short. Don Demeter's three-run homer capped a five-run surge in the fifth that put it away for the Phils and handed Jim O'Toole (3-5) the setback.

The Braves scored all seven runs in the first inning, chasing Pirates' starter Bob Friend (4-1). Tom Sturdivant came on and gave up three additional runs on an intentional walk, a single and Howie Bedell's triple. That made it easy for Bob Shaw (4-1), who coasted with an eight-hitter—one a homer by Bill Virdon.

Collins Has Stroke Lead at the Spa

By BILL SIMMONS

HOT SPRINGS, Ark. (AP) — Bill Collins, who hasn't won a tournament since his victory here in 1960, sets out today to retain a one-stroke lead as the \$20,000 Hot Springs Invitational Open enters the second round.

A Baltimore, Md., product playing out of Miami, Fla., Collins spanked his iron shots with beautiful precision, and drilled eight short puts for birdies. He tapped in a 12 foot putt for a ninth birdie, but bogeyed two holes to finish with a seven under par 65.

The six four, 205 pound ex-Marine changed in birdies on six of the last seven holes to offset bogys on the eighth and 11th holes. That blazing exit pushed him one stroke ahead of Australian Kel Nagle.

Two others, who always do well here, slim Al Geiberger of Carlton Oaks, Calif., and Buster Cupit of Fort Smith, Ark., fired 67s. They tied for fifth place last year.

Defending champion Doug Sanders of Ojai, Calif., turned in a 70 to tie seven other players for 17th place, and former champion Julius Boros of Mid Pines, N.C., was one stroke better Thursday.

Collins, a powerful driver, at tributed much of the success of his pitches, chips and putts to the condition of the 6,815-yard, par 72 Hot Springs Country Club course. He said it was in excellent shape.

The 85 Professional Golfers Association players worked on sweltering 90-degree air, weighted with humidity. Some players said it was the hottest tournament weatherwise on the PGA tour so far this year, but it didn't trouble two South Africans much.

Harold Henning and Bob Verwey, who scored 71 and 76 respectively, said it was just like the weather in Johannesburg, except for the humidity.

One Man Strike Holds Up Work

WEST MEMPHIS, Ark. (AP)—A one-man strike is holding up work on the entire \$750,000 annex construction project at Crittenden Memorial Hospital, it was reported today.

H. G. Hall Jr. of Memphis, general contractor, said Ed Boyd, also of Memphis, walked off the job when the Memphis Asbestos Workers' Union called an area strike last Tuesday.

Boyd's job was wrapping insulation around the air conditioning ducts.

Until the ducts are wrapped, plasterers can't plaster the walls, painters can't paint and various other finishing touches must wait.

The Asbestos Union seeks an hourly increase boosting the \$3.82½ cents an hour scale to \$4.32½. About 80 union members are affected. The increase would be spread over a three-year contract.

"We haven't stopped work altogether," said Hall, "but we are fast approaching the point where we can't proceed without getting the ducts wrapped. We are doing all the work we can around those ducts now."

Major League Stars
Batting — Jackie Brandt, Orioles, drove in three runs with double and home run in 6th victory over Los Angeles Angels.
Pitching — Bob Gibson, Cardinals, shut out National League leading San Francisco 10 with sixhitter.

There's a factory in Batesville that makes blanks for buttons from mussel shells taken from White River.

Kel Nagle, the 1960 British Open champion. The 41 year old, 200 pound Nagle counted six birdies and no bogeys.

Two others, who always do well here, slim Al Geiberger of Carlton Oaks, Calif., and Buster Cupit of Fort Smith, Ark., fired 67s. They tied for fifth place last year.

Defending champion Doug Sanders of Ojai, Calif., turned in a 70 to tie seven other players for 17th place, and former champion Julius Boros of Mid Pines, N.C., was one stroke better Thursday.

The 85 Professional Golfers Association players worked on sweltering 90-degree air, weighted with humidity. Some players said it was the hottest tournament weatherwise on the PGA tour so far this year, but it didn't trouble two South Africans much.

Harold Henning and Bob Verwey, who scored 71 and 76 respectively, said it was just like the weather in Johannesburg, except for the humidity.

Yank Hurlers Come Through When Needed

By JIM HACKLEMAN

Associated Press Sports Writer

Just when it was needed most, the New York Yankees' battered pitching crew has gotten a lift from two longshot prospects.

Bob Turley and Marshall Bridges collaborated Thursday as the Yankees squeezed by the Boston Red Sox 2-1 and into a share of the American League lead with Cleveland.

Turley, making his first start since July of last year, allowed only two singles over seven innings and Marshall finished up for the victory. Towering right-hander Gene Conley lost it.

In the only other AL game scheduled, the Baltimore Orioles beat Bo Belinsky and the Los Angeles Angels 6-4.

In the National League, St. Louis trimmed San Francisco 1-0. Los Angeles rebounded in the ninth and tenth innings for a 5-4 victory over Houston; Philadelphia ended Cincinnati's winning string at six games, 9-6 and Milwaukee romped over Pittsburgh 7-2. The Mets and the Cubs were idle.

Turley, who fireballed his way to the top after being acquired by the Yankees from Baltimore in 1954, was acclaimed baseball's foremost pitcher in 1958 after a 21-7 season and a brilliant World Series showing.

But he plunged to an 8-11 mark the next year, then really ran into trouble last season when arm trouble rendered him all but useless and he finished at 3-5.

Definitely a question mark this season, Turley made three brief relief stints before drawing yesterday's big assignment. Powerful and poised, he faltered only in the second when singles by Jim Pagararoni and Gary Geiger and Carroll Hardy's sacrifice fly produced the lone Boston run.

Turley was lifted in the eighth Thursday for pinch-hitter Roger Maris, out of the regular lineup with a pulled leg muscle. Maris flied out, but the Yanks went on to gain the tying run.

Mickey Mantle walked then, raced to third on a stolen base, and scored the winner on Elston Howard's fly.

Bridges was felled in the eighth by Pete Runnels' line shot. The husky left-hander waved off first aid and a stretcher crew, gave up a single to Ed Bressoud, then proceeded to retire the final four Red Sox in order.

Belinsky, boasting an impressive 5-0 record including the no-hitter of May 5 against the Orioles, was soundly trounced at Baltimore. The southpaw gave up a walk, successive homers to rookie John Powell and Jackie Brandt in the first and was lifted after doubles to Jerry Adair and Gus Triandos plus a walk in the third.

Los Angeles batters sprayed 12 hits off winning rookie Art Quirk and knuckleballer Hoyt Wilhelm, but 11 Angels struck out and 11 more were stranded on the bases.

Exchange Probe Continues

WASHINGTON (AP)—The Securities and Exchange Commission says it is investigating the possibility that some mutual fund insiders are profiting from data not available to the public.

The SEC said it was distributing a special questionnaire to 50 unnamed mutual funds. It wants the names of all persons who might have access to advance information about changes in the stock portfolios of the funds.

Since mutual funds often buy or sell stocks in large quantities that influence prices, and because they benefit from costly research advice, an insider who knew in advance of a pending transaction might be able to cash in on his knowledge.

The SEC said that, as part of its broad investigation of the securities industry, it will make a spot check later of personal stock dealings by those named in the questionnaires returned by the 50 funds.

To facilitate the check, the funds are being asked to report all purchases and sales made between Dec. 1, 1960, and June 30, 1961, or. No injuries were reported.

Rusk Favors U. S. Tariff Reductions

WASHINGTON (AP)—Secretary of State Dean Rusk said today the United States can substantially increase its exports if President Kennedy is granted broad new authority by Congress to negotiate tariff reductions.

"We must make concessions to get concessions," Rusk said. "That the President get the powers he has requested is essential to free world strength and unity and thus to the national security of the United States."

A bill carrying the powers Kennedy asked for sweeping tariff negotiating powers is now before Congress. Rusk discussed administration policy on the trade issue in a speech prepared for a meeting here of the conference on trade policy.

Kennedy will address the meeting tonight.

The conference is a bi-partisan group of about 100 business, labor, farm and consumer organizations having an interest in foreign trade. About 2,000 persons attended.

In another prepared address, Secretary of Agriculture Orville L. Freeman said farmers feel perhaps more keenly than any other group a need for Kennedy's trade program.

One-fourth of the country's total exports, he said, are agricultural—\$5 billion of \$20 billion.

Freeman said most farmers support the administration's trade program also because it would enhance the security of the nation and promote its best economic interest.

The new tariff cutting bill was requested by the administration on the ground Kennedy needs wide-ranging powers to negotiate trade arrangements with the six-nation European Common Market.

Man Drowns in Mulberry Creek

FORT SMITH, Ark. (AP)—Olen C. Hunter, 53, of Fort Smith, drowned in Mulberry Creek near here Wednesday while on a fishing trip.

Sheriff Tom Wilbanks said Hunter apparently fell down a steep embankment into the creek. Wilbanks said Clarence Day, Hunter's fishing companion, said he and Hunter had found the boat they planned to use padlocked and he had returned to Fort Smith to get a key. Wilbanks said Day told him when he returned he found Hunter's body floating in the water.

Trains Re-routed

POTEAU, Okla. (AP) — Rail traffic is being re-routed through Ashdown, Ark., as a result of a derailment Thursday of 20 cars of a Kansas City Southern freight train near the Arkansas border.

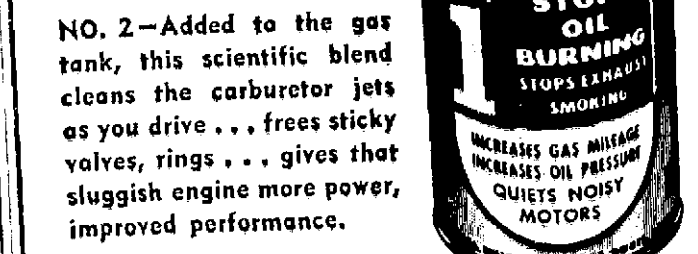

Nearly half of a 300-foot trestle was toppled when the freight cars were derailed. No injuries were reported.
